

Welcome to Sancta Maria

Sancta Maria Nursing Facility operates on a philosophy that is rooted in Christ's healing ministry. We are steadfast in promoting the values of dignity and respect as we compassionately tend to body, mind, and soul.

Quality personalized care, given with compassion and understanding, is an ongoing tradition here at Sancta Maria. Sponsored by the Daughters of Mary of the Immaculate Conception, we are a 139-bed skilled nursing facility providing both short term rehabilitation and long term care in a truly caring, nurturing environment.

Dining & Selective Menu

The caring and experienced dining services staff at Sancta Maria is committed to serving thoughtfully prepared meals to all residents. Our 4-week cycle menu changes seasonally, and in celebration of Holidays and special events.

Dining services begin at 6 a.m. and continue to 7 p.m. daily. Special diet accommodations are made with great care, and dietary education is available to all residents. A selective menu is always available as an alternative to daily offerings.

These menu items can be ordered at any time of day by contacting your nurse or dietary representative at to receive an order form.
